

MAR THOMA COLLEGE, TIRUVALLA

ANNUAL REPORT 2024 - '25

"Education is the movement from darkness to light." Allan Bloom

Mar Thoma College, Tiruvalla, established in the year 1952, has completed an illustrious period of seventy three years in the field of higher education. The beginning of the College was a humble one with just 250 students and 12 faculty members. Over the years, owing to the dedicated efforts of the staff and the Management, the College has become a premier centre of learning in the State and in the Country. Having obtained the unique distinction of being one of the first accredited colleges in India and the first in Kerala, the College has also been credited with the honour of being one among the first 22 colleges in India to be re-accredited in the fourth cycle of accreditation by NAAC. The college has earned commendable achievements including obtaining the 80th position in All India NIRF 2021 ranking and ISO 9001:2015 certification. The college earned 9th position under “Best Value for Money” by *India Today* Ranking in 2021. At this moment, we gratefully acknowledge the sacrifices and efforts of our founding fathers, particularly that of His Grace the Most Rev. Dr Juhanon Mar Thoma Metropolitan, Rt. Rev. Dr Mathews Mar Athanasius Episcopa, and Sri. K. K. Kuruvilla. Since its establishment, over eighty thousand students have gone out of the portals of this institution to lead meaningful lives in the world. The college, guided by the Grace of God Almighty and our eminent leaders, and strengthened by the aspirations of many generations is boldly moving forward to meet the challenges of the New Educational Policy 2020 and the fifth cycle of accreditation by NAAC.

On this auspicious occasion of the 73rd College Day, I present before the President of this meeting, Rt. Rev. Dr. Euyakim Mar Coorilos Suffragan Metropolitan, Manager of the College, the Chief Guest, Dr. Lenny Markose, dignitaries, faculty and students in this meeting, the Annual Report of the College for the academic year 2024-2025.
